

# Workshops

Dear Customer,

We are now planning our annual workshops. This year again, we will be having 3 workshops for you to choose from. For the herbicide workshop we will cover the basics of summer herbicide application for the Christmas tree plantations. The advance trimming class will concentrate mostly on Fraser fir, especially the leaders. Finally, the beginners' trimming class, we will show the different techniques for trimming balsam fir and Fraser fir. All afternoon classes will be given in English.

All U.S. residents, please note that you require a passport in order to enter Canada and also to return to the U.S. as of June 1st 2010.

Enclosed is an order form with the details for you to register.

Workshops will be at the farm at 6196 North road, Hatley

tel.: 819 566 0319 or Cell: 819 678 5329

## Highlights

- ◆ Introduction Workshop for herbicide application
